Welcome

In this time of unprecedented change, I am pleased to be able to strike a note of optimism about the performance of books in our categories. We have seen readers increase the time spent on hobbies and an increase in demand for our books.

While there has been a shift to online sales, I believe that this clear reader demand is a positive sign and great opportunity for our customers and partners

In our previous two catalogues since becoming independent, I thanked our authors, distribution partners and suppliers for their support and encouragement. We owe a debt of thanks to the same group for the tremendous work in overcoming the many barriers and challenges faced this year. We have remained largely in print and in stock of books, have published new titles as planned and have maintained the distribution of books to meet demand with as little disruption as possible. I am also incredibly proud of the David and Charles team for the extraordinary effort put in this year.

We go into this Autumn program with confidence and excitement at the opportunities for our new titles. It could not be a better time for us to be publishing *Crochet Iconic Women*, a book that celebrates the lives of inspirational women while supporting our charity partner, the WONDER Foundation. A rebellious streak to the list sees us publishing *Crochet Hacking* and *Alternknit Rebellion*, while we address the subject of sustainability with the first books in our *Zero Waste* series. This theme is picked up again as we look forward to 2021 with our *Cross Stitch for the Earth* title following on from the success of Spring 2020 bestseller, *Cross Stitch for the Soul*.

Stitch 50 Dogs is an exquisite book and will be closely followed by *Stitch 50 Cats* in 2021 with both books published in a hardback, gift-friendly format. Early 2021 will also see the fantastic *100 Micro Crochet Motifs*, a new date for our *Pokémon Crochet* release and a book we are tremendously excited about, *100 Plants that Heal*.

These are just a selection of the fantastic titles we have coming through in Autumn 2020 and early Spring 2021. We look forward to working with you across all of these books and our strong and resilient backlist as we take the steps to move forward.

Best Wishes,

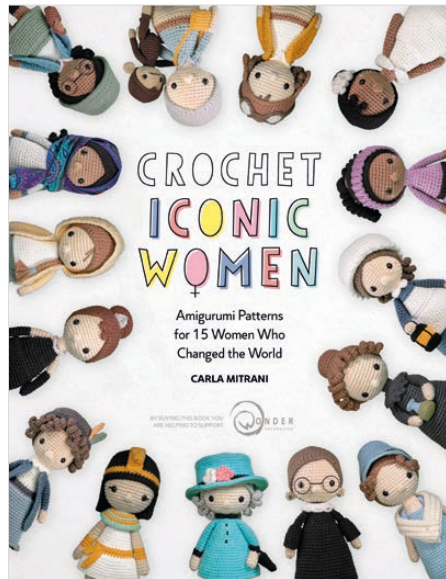

James Woollam

ALTERKNIT REBELLION

ALTERKNIT REBELLION

Anna Bauer

A collection of bright, bold and beautiful knitting patterns based on Honsestrikk, a Danish knitting movement from the 1970s which broke away from traditional knitting rules. Honsestrikk, which loosely translates as 'chicken stitch' was influenced by the radical social and political movements of the time, including the women's rights movement, and this can be seen in the personal and political messages of the some of the pattern designs. Instead of the more traditional fair isle colourwork techniques, Honsestrikk knitting featured political messages and motifs, colours clashed and borders butted up against each other in a riot of colour and pattern. With this collection of basic designs and patterns, you can choose your own combinations and create and knit your own free, radical knits.

Chickenwrap

This 'wrap' can be knitted in two ways: either as something which looks and feels like a traditional fair isle or as a pattern which looks and feels like a modern, bold, and colorful design.

Size: Approx. 100cm (40in) long and 10cm (4in) wide. It can be knitted in two ways: either as something which looks and feels like a traditional fair isle or as a pattern which looks and feels like a modern, bold, and colorful design.

Materials: 100g (3.5oz) of 100% wool yarn, 100g (3.5oz) of 100% wool yarn, 100g (3.5oz) of 100% wool yarn, 100g (3.5oz) of 100% wool yarn.

Accessories: Knitting needles, scissors, and a ball of red yarn.
